

Policy Type: Ends**Cocurricular/Extracurricular Activities**

As a result of our efforts, students will participate in school and/or community-sponsored activities.

We expect that all cocurricular and extracurricular activities will be guided by the following beliefs:

- Cocurricular/extracurricular activities will be in support of academics and family.
- Participants will have positive, life-preparing experiences that develop personal skills, workplace competencies, and academic achievement.
 - Students, parents, and coaches will treat each other with respect and dignity.
 - Quality programs use positive feedback to motivate students.
 - Activity sponsors/coaches will model positive behaviors in developing young men and women.
 - Activity sponsors/coaches will provide opportunities for as many students as possible to participate.
 - Activity sponsors/coaches will provide timely and clear procedural information for students and parents.
 - Commitment, enthusiasm, and positive attitude are valued.
- We will encourage and cooperate with community organizations who can provide additional opportunities for our students.
